

DLTC Bar Committee Report - 2017

There was an increase in both sales and profit in 2017. Sales were up £1569 from £12,957 in 2016 to £14,526 and the gross profit was up £643 from £7183 in 2016 to £8001. The gross profit ratio achieved was maintained at about 55%. General bar takings and club functions evenings have shown increased sales. The major contributor to the bar sales and profit continues to be the private hire events.

If anyone would like to volunteer to help behind the bar, then you would be very welcome. You don't have to commit to a regular duty – an occasional evening would help out considerably, particularly during the (hopefully!) busy summer months. If you would like to be a bar steward, please talk to me or any member of the bar committee and we will enrol you on our exclusive email list!

Finally, on behalf of the bar committee (consisting of myself, Dave Farr, John Harrison and Dave Longden), I would like to thank all the voluntary stewards who man the bar throughout the year and particularly those who volunteer for private hires – they are busy evenings but do provide a significant income for the bar and hence the club finances. And finally I would like to wish all members a good drinking season!
